

May 2019

The count down has begun... Less than 2 months from today and our grade 12's will be officially Alumni of Moscrop Secondary.

Our Dry Grad Parent Group and Dry Grad Student Council have been busy for months fundraising and planning for the Safe After Grad Party (Dry Grad). Many thanks to those of you that have supported our events and have already bought your ticket to our event.

The Safe After Grad Party will be held at **The Metro immediately following the dinner dance on June 14th**. Check out the [video to see what the venue looks like](#). We have an awesome evening planned for our graduations which will include: DJ, photo booth, plush seating to relax, casino games, incredible midnight buffet, unlimited non-alcoholic drinks and much more . **See the Event details document attached for more info.**

On April 24<sup>th</sup> the grade 12s heard John Westhaver, an ICBC Road Safety speaker, tell his story about his graduation year. His message was about the importance of making good choices and keeping themselves and their friends safe. To learn more about John's story see the cbc news story. [link](#). This is just another why the Dry Grad Parent Group is very passionate and please to provide our grads a safe environment for them to continue to celebrate.

**In order to be eligible to attend the Safe After Grad Party, a waiver form needs to be signed parent and returned to the school to obtain your ticket. The deadline is June 5th . Print, read and sign the attached document.**
