

TUTORIAL DAYS

As a student I will:

Seek help from my subject teachers in areas that I need support in.

Avoid hanging out in the Multipurpose Room or hallways because this is valuable instructional time not to be wasted.

Check in with my teacher(s) to ensure that they will be available to support me.

Seek out learning opportunities with teachers.

Find a quiet study area to keep up with my schoolwork (Learning Commons, a classroom).

Make up tests & assignments that I missed or that I am falling behind on.

Work on projects with my classmates
