Reminder to all grade 12s that you should be continuing to work on your Mini-Capstone projects for Graduation Transitions and that your final presentations will be on April 19th. All grade 12s will present that day during the last block of the newly implemented 5-period day. Mrs. Dato will be giving workshops to prepare you for your presentation in the first two weeks of March. Stay tuned for exact dates and times. Here are some things to ask yourself:

1. Are you keeping track of what you are completing along the way? This documentation will be what you SHOW at your presentation (pictures, notebooks, photos, designs, screen shots, videos, audio recordings...)
2. Are you feeling on track? Do you need to adjust your goal slightly, or your timeline for completion?
3. Have you handed in Module 1 and 2 successfully? (no presentations will be scheduled for students who have not completed the previous modules)
4. How can you be creative in your presentation? What kind of visual aides will you create / use?
5. Are you having troubles? Feeling lost? Go see Mrs. Dato if you have any questions at all and remember to access your mentors as support for your Mini-Capstone - you don't have to do it alone!

HAVE FUN WITH THIS! It's supposed to be a reason to focus on something your heart desires, and we look forward to hearing all about your journey.

**GRADE 12 MINI CAPSTONE PROJECT AND PRESENTATIONS REMINDERS/INFORMATION**

Reminder to all grade 12s that you should be continuing to work on your Mini-Capstone projects for Graduation Transitions and that your final presentations will be on April 19th. All grade 12s will present that day during the last block of the newly implemented 5-period day. Mrs. Dato will be giving workshops to prepare you for your presentation in the first two weeks of March. Stay tuned for exact dates and times. Here are some things to ask yourself:

1. Are you keeping track of what you are completing along the way? This documentation will be what you SHOW at your presentation (pictures, notebooks, photos, designs, screen shots, videos, audio recordings...)
2. Are you feeling on track? Do you need to adjust your goal slightly, or your timeline for completion?
3. Have you handed in Module 1 and 2 successfully? (no presentations will be scheduled for students who have not completed the previous modules)
4. How can you be creative in your presentation? What kind of visual aides will you create / use?
5. Are you having troubles? Feeling lost? Go see Mrs. Dato if you have any questions at all and remember to access your mentors as support for your Mini-Capstone - you don't have to do it alone!

HAVE FUN WITH THIS! It's supposed to be a reason to focus on something your heart desires, and we look forward to hearing all about your journey.
