## GRADE 11 & 12 STUDENTS

**NEW! Grade 12's - Considering a GAP Year? Interested in Learning About A Structured New Option?**  
Open House: Nov. 26<sup>th</sup> Interactive Zoom – 7-9pm Register: <https://www.discoveryyear.ca/events/> The “all stressful” questions, “What are you going to do next year?” or even better, “What do you want to be when you grow up?” create unnecessary stress and anxiety in most youth. The concept of the “gap year” remains relatively undeveloped in Canada, but **DISCOVER YEAR** believes that there has never been a better time for young adults to undertake a structured, purposeful year as a stepping stone to post-secondary or the workforce. They help youth to a better understanding of their own interests, values and talents and connecting with a diverse group of other talented and motivated people is the key to unlocking young adults’ unique potential. **Discover Year** – Individual “Purpose” is created when a person uses their greatest strengths to pursue their passions. The problem is that very few people have a clear sense of their authentic strengths or passions at the age of 18. A Discover Year is not a guaranteed one-year journey to success, but this one year is the start of a lifelong journey to significance. They strive to help students come alive, and they would love to join you on your journey. Learn more: **Video**

### GRADE 11 & 12 STUDENTS

#### **GRADE 12'S - CONSIDERING A GAP YEAR? Interested in Learning About a Structured New Option?**

Open House: Nov. 26<sup>th</sup> Interactive Zoom – 7-9pm Register: <https://www.discoveryyear.ca/events/> The “all stressful” questions, “What are you going to do next year?” or even better, “What do you want to be when you grow up?” create unnecessary stress and anxiety in most youth. The concept of the “gap year” remains relatively undeveloped in Canada, but **DISCOVER YEAR** believes that there has never been a better time for young adults to undertake a structured, purposeful year as a stepping stone to post-secondary or the workforce. They help youth to a better understanding of their own interests, values and talents and connecting with a diverse group of other talented and motivated people is the key to unlocking young adults’ unique potential. **Discover Year** – Individual “Purpose” is created when a person uses their greatest strengths to pursue their passions. The problem is that very few people have a clear sense of their authentic strengths or passions at the age of 18. A Discover Year is not a guaranteed one-year journey to success, but this one year is the start of a lifelong journey to significance. They strive to help students come alive, and they would love to join you on your journey. Learn more: **Video** Link: [https://youtu.be/aAZnOQia\\_gQ](https://youtu.be/aAZnOQia_gQ)
