It will be a virtual event this year, held **again TODAY, OCT 6<sup>TH</sup>**. To register go to: <https://cuebc.org/for-students/>

**GRADE 12 STUDENTS - APPLYING FOR COLLEGE AND UNIVERSITY**

If you are thinking about applying to college and/or university for next year, then you should know that most post-secondary institutions are hosting virtual information sessions. This is a great way to find out more about the institution, its programs, entrance requirements, and more. You can register for these virtual info sessions by going to the website for each institution, or you can go to: <https://www.postsecondarybc.ca/events/>

**\*Note:** Most colleges are **open for online application on October 1**. Colleges operate on a "First Come- First Served" basis, so early application is very important. Applying early means you secure an earlier course registration date in June. Also, some college programs are first-qualified, first-admitted so applying early is crucial. So, don't delay, apply early! And remember that you're just applying to the college and to a program (you're not selecting actual courses yet). Any questions see your counsellor.
