

TOPIC	NAME	DESCRIPTION	MEETING TIME + LOCATION	SPONSOR TEACHER(S)
Sports	Table Tennis Club	No matter how skilled, this is the place to have fun and learn whenever you want! You can also develop your ping pong skills and spend quality time with your friends! This year, we will also be sharing sports-related volunteering opportunities in our community!	Thursday 3:10pm - 4:30pm	Mr. Sidney
	Volleyball Club	We set up the nets to play Volleyball every Friday morning from 7:30 am to 8:30 am in the large gym. We will be focused on teaching participants more about the sport, staying active, and generally having a fun time in the club!	Friday morning from 7:30am - 8:30am in the large gym	Ms. Gaskell/Ms. Brown
	Disc Golf Club	Our club objective is to get student more active and provides a fun sport to learn and a welcoming environment.	Room 226, multi and wesburn Wednesday (3:00-5:00pm)	Mr. Chenafi
	Ultimate Club	To learn and get better at playing ultimate frisbee. Our club leaders hope to expand the ultimate frisbee community at Moscrop.	Wesburn/School upper + lower fields Wednesday and Fridays	
	MSS Cricket Club	We have started a cricket club here at Moscrop Secondary to spread our passion and love for this sport to the rest of the school community. Anyone can join this club, whether they are a die hard cricket fan or just somebody looking for a way to get involved. Our plan is to play once a week after school and split into teams to enjoy a fun game of cricket. Founded and run by 3 co-founders who share 20+ years of cricketing experience together wo hope that our club will attrat everyone in our school community	Lower gravel field/Upper field	Mr. Mclean
	Moscrop Soccer Club	We'll play on the soccer field every lunch hour except when there is occationally a good soccer match on TV. We will stream it on Mr. Macavoy's TV. We may do some charity or fundraising events to donate to climate change and support our club. Our goal is to have fun and play soccer. Our target audience are people who are interested in soccer.	121	Mr. McAvoy
	Moscrop Curling Club	Our club is dedicated to providing students with the opportunity to learn and to play curling games. At Moscrop Curling Club, our goal is for students to have fun while learning to curl. Through out the season students will be able to participate in friendly competitions. We welcomes students of all skill levels, from beginners looking to try something new to experienced curlers seeking to get some more practice.	Every monday 4-5pm at New Westminster Royal city curling house	Ms. Brown
Fundrasing	Unicef Club	UNICEF is the world's farthest-reaching humanitarian organization for children. Across 190 countries and territories, and in the world's toughest places, UNICEF works day in and day out to help children survive. To defend their rights. To keep them protected, healthy and educated. At Moscrop, we will be running events, organizing fundraisers, and delivering presentations to raise awareness aligning with UNICEFs missions and values.	Tuesdays in Portable 2	Ms. Tadd
	Cancer Society	Our main purpose is to raise awareness about cancer and educating others about this fatal disease. We will be raising funds towards the Canadian Cancer Society Organization through hosting various fundraisers. Funds are used for cancer research, aiding cancer patients, advocating and raising awareness. We will also encourage others to be support systems as well as educate and motivate people to make healthier choices.	Wednesdays biweekly in room 215	Ms Wispinski
	Moscrop HOPE (Humanitarian Outreach for People Everywhere)	Our main goal is to empower people around the world. We are working towards our goal through the following means: Empowerment around the world: Assist in curing people with physical disabilities/impairments and help provide the impoverished with assistance worldwide free of cost (regardless of race, religion or any other distinguishable characteristic). We are working towards the above goal by fundraising for Operation Eyesight. Our empowerment of people locally involves helping students improve and enhance their understanding of STEM concepts. We help them improve their understanding of STEM by holding sessions every Friday where we teach Moscrop students various STEM concepts. Occasionally, we also give Moscrop students a detailed description of the organizations we are fundraising for and the scientific ideas used by the organization to combat a certain challenge (ex. Explaining how eyeglasses work and talking about various eye diseases).	Room 220 Fridays at lunch	Ms. Ignas
	Moscrop Pet Society	In our club we plan on fundrasing for unsheltered pets especially dogs and cats. We currently have 5 members our club helping us with social media and spreading the word out. To achieve to goals we intend on creating book drives and clothes drives. Futhermore, we plan on working with different children charities	Tbd	Ms. L
	Panther shop	Selling stationary, jewellery, and doing market research.	Tbd	Ms. Lange
	Japanese Culture Club	Japanese Culture Club is a place where students join together to learn and experience Japanese culture and language. There will activities such as traditional Japanese games, language learning, etc.	Fridays at lunch in room 122	Mr. Parkes
	Cards with care	We are a collective of students that are committed to supporting workers and senior homes within the community through wellness cards!		Ms. Quelch
	Feminist Empowerment	The objective of the club is to raise awareness of the feminist movement and the discrimination women face at home, at work, in their class, about their race. Give the studen tbody a chance to debunk any misconceptions of the Feminist Movement and to engage in Feminist idealogy and discussion.	Tuesdays at lunch in room 326	Ms. Boan

TOPIC	NAME	DESCRIPTION	MEETING TIME + LOCATION	SPONSOR TEACHER(S)
Culture and Community	Universal Fun Club	Universal fun club is a club for newcomers at the school, whether you are an immigrant, international, or just a new student looking for ways to connect with the school community. Our club aims to spread universal fun and provide them with insights into opportunities around the school by hosting weekly fun activities or workshops every week after-school in the library. Our desired outcome is to have newcomers at our school feel welcomed and have a good sense of what opportunities our school is here to provide so they do not miss out on anything.	Every Monday 3:05-4:00 in the library	Ms. Claire
	Kindness Foundation Club	Compassion changes lives. There is a great importance of being kind to ourselves and others. This club plans to promote kindness through school-wide activities which will encourage students to perform various acts of kindness and practice mindfulness.	Tbd	Ms. Green
	South Asian Culture Club	To showcase and celebrate South Asian Culture.	Biweekly, tuesday during lunch	Mr. Mehta
	Moscrop Newspaper Club	Moscrop Newspaper Club aimed to foster student engagement in journalism, storytelling, and effective communication. This club is open to all students interested in exploring reporting, writing, and multimedia production. The club embarks on a mission to uncover and share stories within our school community and beyond. Together, we aim to inform, inspire, and engage our peers through the medium of words and media.	321	Ms. Shannon
	Moscrop R.A.C.E (respect, awareness, challenge, equity)	A safe non judgmental environment where students can come together and have conversations about topics like their experiences with racism, discrimination, and more.	tbd	Ms. Lee
	Moscrop Science Journal	I founded this journal with a goal of serving as many Moscrops as possible. I intended to publish three editions throughout the year to keep up to the date with recent STEM activities. Overall, the club is just to get experience and familiarity with the research and publish process as well as then taste of peer-review.	215	Ms. Lange
	Chinese Culture Club	The Chinese culture club will help spread many Chinese-based traditions, arts, and culture to the students of Moscrops, expanding our knowledge and providing a space for students to experience and immerse in Chinese culture.	228 Thursday (Bi-weekly)	Ms. Li
	Cultural Arts & Crafts Club	We are a club looking to explore the cultural diversity and creativity of the Moscrops student community. Our goal is to spread more awareness on the beauty of one's own heritage, while appreciating other heritages. Ultimately bringing the community together. As for population, we are opened to all grades and anyone looking for something new to take a shot at.	Tbd	Ms. Tadd
Volunteering	Leo Club	Moscrops Leo Club is sponsored by Lions Clubs International. We organize a variety of in-school and out-of-school events throughout the year, which aim to help out our local community and enrich our members' social experiences by providing them with numerous volunteering opportunities. Fundraises for: VGH & UBC Hospital Foundation, Lions Clubs International Funds	Bi-weekly Fridays	Ms. Clowers
	Good Guys	Good Guys @ Moscrops is a branch of the non-profit organization, GoodGuysBC. Our club aims to relieve individuals suffering from poverty and homelessness through fundraisers and different events. The unique thing about our club is that we create care packages and sandwiches using the fundraiser funds for the individuals of Downtown Eastside, which we drop off at homeless shelters or hand out ourselves. Through joining Good Guys @ Moscrops, you'll be able to see the direct impact you can make on individuals suffering from poverty in our very own community!	Room 329 and library	Mrs. Greenside
	Mission Possible	Mission Possible works with an outside organization to do volunteer work at a homeless shelter where we serve breakfast. We will also be doing donations and fundraisers such as a sock drive throughout the year. Our goal is to make a small difference in the huge homeless population in Vancouver through hard work, compassion, and a drive to help others.	Tbd	Ms. Greenside
	Hot Potato Initiative	Hot Potato Initiative is a non-profit organization that is working to educate and engage young Canadians in the conversation about homelessness.	329 Fridays	Ms. Greenside
	inspireInitiate Moscrops	Initiate & ignite the true Moscrops passion! We're inspireInitiate, coming Sept. 2022 to Moscrops Secondary! We're an initiative-based club focused on helping our community, school and everyone we can help!	Tbd	Mr. McLean
Environment	Fashion Sustainability	Fashion sustainability club encompasses many different aspects of fashion. Our main goal is to expand people's knowledge of fast fashion, and how to be more sustainable. We will accommodate this goal by hosting workshops, not only for the people in the club to participate in, but also those around our Moscrops community who aren't. These workshops will have themes of thrifting, up cycling items, and will include informative aspects all whilst being fun and creative.	Bi-weekly every Wednesday	Ms. Fordyce
	Enviro Club	We are an education and action-based club that works to raise awareness for the environmental issues our world is facing and what we as students can do to help. We also give students the opportunity to practice a more sustainable lifestyle and support green initiatives through various workshops and fundraisers.	Wednesdays at lunch in room 333	Ms. Campbell
	Moscrops Clean School Collective (CSC)	Moscrops Clean School Collective is a club whose goals are to make Moscrops a cleaner place and to raise funds for humanitarian issues. We plan to have meetings in which our volunteers would roam around the school grounds collecting trash. These meetings would take place 2-3 times a week. We would also have online meetings every Friday to plan and execute our fundraisers. We would be serving the school, as well as all the victims of disasters all around the world. We have all had experience in these realms and now we have come together to accomplish our goals.	Outside & Online	Ms. Tadd

TOPIC	NAME	DESCRIPTION	MEETING TIME + LOCATION	SPONSOR TEACHER(S)
	Marine Biology Club	Our club hopes to provide awareness on enironmental challenges and it's damages to the ocean and marine life. To do this, some ideas we had was to have docutentary meets where we watch movies/film/documentaries about marine life, do research and projects on things such as the nitrogen cycle, where nitrogen is connected into multiple forms as it circulates the ecosystems, and growing marine plants to observe. some future envisions that we have for this club is to do fundraisers to help donate to places such as then Vancouver Aquariums Marine Rescue (VAMMR) and perhaps even plan fieldtrips to visit the Aquarium or the beach.	215	Ms. Lange
	Pop Can Recycling club	The purpose of our club is to encourage recycling to everyone, and that recycling should be a habit in their daily lives, no matter where they go, whether it's at home, at school, or outside in public. We are a non-profit organization and an Environment-Friendly Club, with the money from the club goes to Students' Scholarships, with the Pop Can Recycling Club running, for example, a student can get a \$100 Scholarship and without the Pop Can Recycling Club running, a student can get a \$75 of the Same Scholarship. So, our club is designed to help both the school, the environment, and the students in many different ways. Our Goal for the Pop Can Recycling Club is to collect as many Refundable Cans as possible, with the hopes of fundraising \$5000 worth of Refundable Cans for this School Year, or even better than that.	Every First Day 1 of every week at 3:10 p. m in room 335	Ms. Clowers
Leisure	Music Council	To raise awareness of music in the Moscrop community and to support the Music Department with fundraising and volunteering at events.	Monday at lunch in music choir room	Ms.Rundell
	Esports Club	Moscrop Esports is a club that connects the gaming community at Moscrop through the Moscrop Esports discord server and instagram. We share news about local upcoming tournaments and gaming events. As well as hosting gaming events outside of school hours. For example, we might plan Valorant Tournaments, host custom League games or set up a Minecraft Server.	Discord server	Ms. Kwon
	Contemporary Choreo Club	Contemporary Choreo Club is a place for dancers and non-dancers alike to come together and celebrate their love of dance in the contemporary style. We will work together to mount a whole piece that will be performed in the dance programs year end show!	112 Tuesday	Ms. Chow
	MSS Community Garden	The Moscrop Community Garden Club teaches methods of plant cultivation, garden maintenance and operations, and sustainable practices. Members engage in hands-on activities by tending to and constantly improving the garden. The club also maintains and enhances the surrounding environment.	Garden	Ms. Li
	Moscrop Chess	The Moscrop Chess Club is the place for everyone to learn and play chess! Participate in friendly matches within the club, play in tournaments with other schools, and connect with like-minded individuals. If you love to play chess, this is the club to join!	Every Wednesday / TBD Rm 222 / Library	Mr.Sidney
	Hip-Hop Club	Every Friday, there will be a session in the dance room where everyone gets to improve and explore the hip hop style. During each session, we will help the participants work on dance technique as well as learn choreography. We will also make a routine that will be performed at all of the dance performances throughout the year. Our goal is to share more hip hop knowledge to a wider audience, and we hope that everyone who joins will have fun with us!	Friday at lunch in dance room	Ms. Chow
	Universal Fun Club	Universal fun club is a club for newcomers at the school, whether you are an immigrant, international, or just a new student looking for ways to connect with the school community. Our club aims to spread universal fun and provide them with insights into opportunities around the school by hosting weekly fun activities or workshops every week after-school in the library. Our desired outcome is to have newcomers at our school feel welcomed and have a good sense of what opportunities our school is here to provide so they do not miss out on anything.	Every Monday 3:05-4:00 in the library	Ms. Claire
	Reader's Review	Reader's Review is Moscrop's book club. We are a welcoming community of individuals who love to read, obsess over characters, critique book ending and immerse ourselves in different worlds. As a member of Reader's Review, you'll get the chance to read books from our wide array of choices and discuss them bi-weekly with others. Alongside that you'll get to partake in other fun group activities where we delve deeper into our favourite stories!	Tbd	Mrs. Callister
	Photography	The objective is to give those interested in the area of photography a chance to access the resources to create and pursue their passion. Members will be able to start their own portfolio.	Thurdays at lunch in room 119	Mr. Haas
	Moscrop Cubes	To introduce interested members into the world of cubing and to have fun with a tight-knit community of cubers.	Room 337 Biweekly tuesday during lunch	Mr. Riach
	Board games and Crafts club	We'll play board games every tuesday afterschool in the library. We'll host tournaments over the year for popular games. We will also offer crafts to those who want it. People will be free to use the Cricut to make stickers, vinyl imprints (for skateboards and such). Knitting and crochet supplies will be available as well.	Tuesday after school in the library	Ms. Callister
	Digital Arts Club	The Digital Arts Club is a space to freely let your creativity cascade. Our goal creating this club is to ensure a versatile, imaginative learning opportunity free of all judgement. Our club activities include creating 2D or 3D art through digital technology such as adobe photoshop and more. We accept everyone, and will make sure no one feels unwelcome in this club.	Tbd	Mr. Botting
	Moscrop Tetris Club	A fun place to chill and stack! We play Modern Tetris, usually on TETR.IO. Improve your game or try something new, and meet new people at the Tetris Club! We plan to host small tournaments as well. We welcome all players, beginners and pros!	Fridays during lunch at room 325, and at home online meetings	Mr. Porczek

TOPIC	NAME	DESCRIPTION	MEETING TIME + LOCATION	SPONSOR TEACHER(S)
	Moscrop 2048 Club	The purpose of the club is to engage the school community in playing a fun, challenging puzzle game named 2048, you join the numbers together on a 4x4 grid to get to 2048, we hope the school community can beat this game through weekly meetings on strategies + tips and tricks to beat 2048.	Every Friday 226	Mr. Chenafi
	Sassy Jazz Dance Club	This club aims to bring dancers together through teaching and learning jazz combos (short dance pieces) every week!	Every Wednesday Dance room	Ms. Chow
	Dance Squad	Dance Squad's goal is to support Moscrop Athletics and to spread Panther Spirit throughout the school.	Mondays at lunch in Dance room Fridays after school in winter season at the small gym	Ms. Chow & Mr. Wong
	Miniatures Club	The goal of this club is to create a place that can bring students who are interested or already playing with miniatures, gardening, and military models a place where they can communicate with each other and enjoy those activities. We also welcome beginners to ask us about various painting techniques.	120	Mr. Der
	Handcraft Club	Organize events, fundraisers, exhibitions to promote handcrafting Making handcrafts with air dry clay, wool felting and shrink art Our aims and goals: Gathering a group of people who have the same passion in art and handcraft Provide opportunities for members to try different hand crafts and develop their techniques,	124 Thursday or Friday	Mr. Robinson
	Moscrop ETAC Festival Club	For students who want to participate in the Educational Theatre Association of Canada's Festival called the STAR awards. We meet every Day 2 at lunch, and work hard on perfecting slating, performance techniques and more! We will have performance days, where we will perform our pieces in front of everyone to help one another and show our progress. It is a great way to learn more about performance and production in general.	Drama room Day 2s at Lunch	Ms. Maclean
	Crochet Club	Our goals with this club is to teach student how to crochet on a easy level and developing a new hobby/skill. Students can meet new friends and communicate with each other about crocheting.	Bi-weekly (specific day is tbd) After school 334	Ms. Leung
	Murder Mystery (Mafia Game) Club	This club welcomes people who would like to practice public speaking or develop logical thinking. We play Mafia and other socializing games.	326	Ms. Boan
	Navigating Futures for Students (NFS)	Navigating Futures for Students aims to help secondary students understand all career and education options out of high school!	Tbd	Mr. Haas
	Spanish club	Moscrop Spanish Club focuses on exploring both traditional & modern Hispanic culture. Our goal is to introduce the Hispanic culture to our school by hosting activities during lunch or activities that are school-wide, and help other students to be more successful when learning the Spanish language at Moscrop.	Friday lunch 225	Ms. Zamfirescu
	Film & Literature	Film and Lit club provides a calm but free space for students after school to watch a movie, read, discuss books as well as homework help if members are in need. Weekly meetings consist of movie-related and homework discussions and a safe space for all to use.	Fridays afterschool english wing	Ms. Quelch
	Business Club	Prepares members to attend case competitions happening all around the lower mainland. It is where they analyze companies and provide any future improvements they should implement based on their current situation. There will also be stock workshops and competitions with prizes where members can apply the skills they learned from the stock intro meeting guides into real life stock simulations. Members will also be taught on how to do fundraisers , how to advertise them and how to make sure they run smoothly.	Tbd	Mr.Porczek #325
	Debate and Public Speaking	The Debate & Public Speaking club focuses on improving the critical thinking and public speaking skills of club members through a variety of fun activities, competitions and games. Members may compete in different tournaments as a school team against other schools. Members are taught by seasoned debate veterans as well as by other senior Moscrop students.	Tbd	Mr. Exume
	Mental Health and Wellness Club	The Moscrop mental health club was created to ensure a safe environment for everyone and to promote knowledge of mental health through activities and fun weeks! We will be running an activity a month that focuses on mental health and wellness such as art therapy! We will also be doing the Wellness week again this year hopefully during February which will potentially include some speakers and great prizes are definitely in store!	Mondays lunch	Ms. Quelch

TOPIC	NAME	DESCRIPTION	MEETING TIME + LOCATION	SPONSOR TEACHER(S)
Education	Panther Support Club	Panther Support Club focuses on providing free academic assistances to students who crave extra support in subjects under school curriculum to enhance their comprehension and help them achieve their ideal academic aims. Around our school community, we gather passionate and qualified tutors to provide support for the tutees either in lunch time open-space sessions or one-on-one personal sessions. For lunch time sessions that we host every Thursday in room 228, tutees are welcomed to come in to ask for support from any subjects. For one-on-one sessions, we arrange time and locations for paired tutes and tutors based on their availability for specific-area support. The tutors who volunteered will be granted with corresponding service hours. Overall, we aimed to create and spread the atmosphere of mutual assistance in our school community, unite students from all grades and have this ideology be passed down to younger moscropians.	228	Ms. Li
	Moscrop Learns CAP	A club that focuses on all things computer related with 2 main branches 1.) Computer Hardware 2.) Computer Programming. The Computer Hardware side of the club will work to educate people on technology, help fundraise money for charities, and raise money to help improve the school's technologies. The computer programming aspect will provide resources and workshops to help facilitate club members improve their programming skills. Each branch will have 2 heads (4 in total), 1 person in charge of PR, 1 person in charge of food safety, and 1 person in charge of social media.	Room 325	Mr. Porczek
	3D Model Building Club	In 3D Model Building Club, you will learn how to make realistic 3D models of mountains, trees, different types of buildings, different plants, railways, roads, etc. This is a chance for you to get a sense of building different types of 3D models, and a great opportunity if you are interested in architecture, urban planning, and environmental design. During our meetings, we will be mostly working on the railway transport modeling that Mr. Botting is working on, but club members can also make models to their own interest.	124 Tuesday	Mr. Botting
	Robotics Club	Build and learn about VEX robotics	120	Mr. Der
	Model United Nations	Model United Nations is an academic competition and educational simulation of the United Nations procedure. The conference practice leadership, critical thinking, public speaking, debate, and research skills. Members will participate in conferences/competitions at other schools.	318 Thursday	Dr. Joe
	inspiraAerospace Moscrop	Listen for the whoosh! We're inspiraAerospace Moscrop, Moscrops' first ever Rocket Club flying high into the sky! We are a fully-dedicated rocket launching club with more than 3 different vehicles ready to soar high into the sky! Find us on Launch Days on the Moscrop Track & Field!	Thursdays	Mr. Chenafi Ms. Fordyce Mr. McAvoy Mr. McLean
	Civil aviation	The club will Teach Students who is interested in airplanes about: how airplanes or	324	Ms. Miller
	Moscrop Psyche Society	The Moscrop Psyche Society aims to delve into the captivating realm of psychology and welcome all students who are interested in expanding their understanding of the human mind and behavior. The club's purpose is not only to foster self-awareness but also to develop an understanding of others and the world around them. Weekly meetings will comprise a diverse range of activities where members can ask questions, share their perspectives, and learn from one another. These activities may include exploring psychological phenomena such as the impact of context on color perception, discussing recent research and experiments, offering homework support, analyzing fictional character psychology, addressing students' pressing questions like the efficacy of chicken soup in treating colds, conducting psychological experiments at school within the guidelines of the APA and IRB, and spreading our passion for psychology by engaging with the school community at large, including both students and teachers. Members will have the opportunity to contribute by proposing new topics to discuss, not just relying on the club's leaders and executives. Our psychology club will also collaborate with other school clubs to create more diverse events. Additionally, members will have the opportunity to develop their leadership skills by organizing community service events, leading discussions, and conducting experiments.	Modays at lunch in port 2	Ms. Tadd
	Moscrop Innovation	Our main goal for this club is to generate interest in Physics Olympics, as well as engineering in general.	Tbd	Mr. Fulop
	Moscrop Math Society	Moscrop Math Society will be a club dedicated to the big group of math people in our school. Whether it is the people looking to find a group to do contest prep with, people trying to get into math and math contests, or just people looking for math help, we are here to provide that.	Tbd	Mr. Young
	Moscrop Alumni Outreach	A club that connects Moscrop students with well accomplished alumni to provide a deeper understanding on applying to universities as well as giving them insight on what career they may choose to pursue in the future. This will be carried out through talks organized by the club and the club will also be the ones inviting alumni. Each talk may include a few alumni but each event itself will have a theme (finance, tech, art, etc) and it will be held sometime after school.	Tbd	Ms. Clowers / Ms. Dato
	Food Sciences Club	Objectives: ~Spark an interest in food science ~Fundraise for food science/agriculture research	329 Mondays/Tuesdays (day 2 only)	Ms. Greenside
	Strategic Solvers Society	Our club aims to use the collective intelligence and creativity of our members to tackle real-world problems, foster critical thinking, and challenge the brains of all grades. Some of the activities we hope to hold are solving unsolved case files, logic puzzles, design challenges to find solutions to everyday as well as novel problems, stimulation games for prizes, and basic discussions that can help members practice thinking outside the box of quick ideas and solutions. We enjoy taking part in challenging our brains and believe that it is a critical life skill. So we hope our members can expand it with their peers at school and practice it in an exciting way.	320	Ms. Boan

TOPIC	NAME	DESCRIPTION	MEETING TIME + LOCATION	SPONSOR TEACHER(S)
	Astronomy Club	We are a group of passionate students fascinated with astronomy and the explorations of space. We've already organized and planned out a series of engaging activities that we hope will inspire the school community to want to learn more about space, including telescope viewings, building a solar system model, interactive lessons on astronomy, and potentially a trip to the Planetarium. If possible, we hope to be able to have a camping trip in a low light pollution area to properly observe the stars and astrophotograph our findings. We are aspiring photographers who are eager to learn and share our knowledge with others in the community to inspire interest in them.	222	Mr. Sidney
	Gargoyle Preservation Society (GPS)	The purpose of the Gargoyle Preservation Society is to spread awareness about and protect gargoyles, locally and worldwide. This would be achieved through bi-weekly powerpoint seminars and local charity work, such as park trash cleanups, and fundraising for donations to the WWF, a long-term ally of the gargoyle community. We are all amateur gargoyle-spotting enthusiasts and are keen to share our knowledge.	Tbd	Mr. Exume
	MSS French Club	Our club is a study group to help students with their homework in French, speak and improve in French, play French board games, watch French movies, participate in French activities and organize events promoting French language and culture. We would like French to be recognized better in various events around the schools. (Cornfest, Woodstock, the school runs, etc) and other events as they come up.	223	Mme. Kazulin
	Woodworking	What we'll be practically doing is learning about the trades and exploring cabinetry and different styles of woodworking with power tools.	Tbd	Mr. McAvoy
	DECA	DECA members first learn about important business related topics, sometimes even economics. They apply this learning to qualify for DECA's International Conference. Typical competitions have a written exam and a real role-playing simulation to model real world encounters.	118/338/117 (depends on meeting days) Meeting day is tbd	Ms. Lai
	Linguistics Club	The Linguistics club looks to educate any student interested in linguistics, philology, foreign language, or calligraphy. Starting with the basic concepts of syntax, morphology, phonetics, and phonology. After that we will focus on the practical application of linguistics in the foreign languages that club members are interested in. Calligraphy will be practiced in those foreign languages to further then members' understandings. We also plan to prepare for then annual North American Computational Linguistics Olympiad (NACLO), a problem-solving competition after a background on linguistics is taught.	Room 122 (possibly once a week on Monday.)	Mr. Parkes
