FOOD SAFE LEVEL 1: if you missed your chance the first time, Food Safe is being offered for a second time this year at **Moscrop in the library** from **12:00 pm to 3:30 pm on April 8th and 9th** – students **MUST** attend both days. This course is open to all students from Grades 8-12. **Please note, this is a certificate issued by the local Health Authority.** To be successful, students need to achieve 70% on an exam with 50 multiple choice questions. This is a closed book exam with a time allotment of 1 hour. Students will need sufficient reading and comprehension skills to be successful in this course. For example, students should be earning (or have earned) a minimum standing of "developing" in a regular Grade 8 Science course. The cost for the course is **\$50.00** (*includes instruction, workbook, and certificate from the Fraser Health Authority*). **Payment is accepted at the main office by cash or cheque (made out to Moscrop Secondary School) or online from March 14th – April 2nd. The first 25 payments received will secure a spot on the course list.** Permission forms may be picked up outside room 329 or room 323. Bring your permission form and the receipt of payment or reference # to Room 329. Forms/receipts can be given to any Home Ec. teacher in Room 329. **Space in the course is limited to only 25 students – please sign up quickly to ensure your spot!**

Food Safe certification is highly sought by employers throughout Western Canada. It is designed to teach food handlers about the causes and prevention of food-borne illnesses. Due to the serious consequences of food-borne outbreaks, many employers in the food service industry are requiring their staff to take the Food Safe program. Many employers now insist you have this training before applying for a job. Students receive a certificate upon successful completion of the course.
